THIS IS UNEVALUATED INFORMATION

25X1

1. Between late November and late December 1950, reports were received on the following airfields in the Soviet Zone of Germany which are not occupied by Soviet Air Force units:

Airfield	Dates of Observations	Observations and Evaluations	Remarks
Anklam (N 54/U 99)	25 Oct to 18 November	No changes. No changes compared with last observation in September.	
Rug/Ruegen (N 55/P 57)	23 November	No construction or clearing. Radio installation consisting of one mast with crossrod and 7 dipoles, north of field.	Reported presence of stallation, probably a radar set, possibly belongs to the unit there.
Chemnitz (N 51/K 56)	30 November	Landing field serviceable. Youth home and weather station housed in former administration building.	No changes, weather station is central meteorological station of Saxony.
Fuerstenwalde (N 53/V 33)	29 November	Occupied by Soviet Army.	Occupied by army AA unit, previously reported.
Gardelogen (N 53/Z 94)	22 November	Barracks occupied by Soviet Army. Landing field is partially farmed, partially used as drill field.	No changes since September 1950.
Mohannisthal- adlershof (N 53/Z 94)	21 October	Quarters occupied by VP.	Air force personnel transferred to Schoenefeld in July 1950. At present apparently only VP are stationed at field.

-2-

Airfield	Dates of Observations	Observations and Evaluations	Remarks
Kamenz (N 52/A 41)	15 November	Landing field serviceable. No indications of intended use.	No changes as compared with last report of August 1950.
Kyritz (N 53/Z 19)	24 November	Landing field serviceable.	Landing field to be leased as pasture land.
Leipzig- Mockau (N 52/E 21)	15 November to 3 December	No indications of intended reoccupation.	The airfield is serviceable.
Liebenwalde (N 53/Z 88)	11 November	Landing field marshy. Temporary buildings on western edge occupied by civilians and SED offices. One temporary building under construction.	Status of landing field has not changed.
	27 November	No changes.	
Ludwigslust- Techentin (M 54/T 86)	25 November	Barracks occupied by army units. Landing field used as drill field.	Some information previously received
Magdeburg- South (N 53/D69)	10 November	Flying activity by PO-2s.	The landing field is intact. The planes are probably courier planes of an army headquarters.
Perleberg (M 54/T 70)	23 to 29 November	Barracks occupied by army units. To date expansion work not started.	The occupation of field was previously reported. To date only landing field has been surveyed. Construction on landing field will possibly start at end of winter.
Prenzlau (N 54/Q 04)	13 December	Barracks occupied by VP. Landing field used as drill field.	Occupation by VP was reported in early December. 25X1 25X1
Salzwedel (M 53/Y 27)	3 November	Hangar destroyed. Quarters occupied by civilians. No indications of intended reconstruction.	No changes.
Schkeuditz (M 52/E 12)	5 November to 3 December	No indications of intended use.	No changes. No construction work has been done at the field.
Schwerin- Gerries (M 54/T 46)	24 November	Part of landing field under cultivation.	No change. Previous reports indicated that the barracks buildings were occupied by army units.

Airfield	Dates of Observations	Observations and Evaluations	Remarks
Trebbin (N 53/L 71)	4 December	Not serviceable for conventional aircraft, only for gliders. Is to be taken over by US as glider school in summer of 1951.	
Bernerswende (N 55/O 32)	16 November	Removal of debris. Barracks buildings north and west of field occupied by naval troops. Landing field not serviceable.	No changes. Field probably being reconstructed.
Wismar-Holten (N 51/J 46)	19 November	Part of field under cultivation, area 500x700 meters is not farmed.	Condition of landing field has not changed. No construction work has been done at the field.
Wismar (N 54/T 49)	mid-November	Removal of remaining installations and debris of buildings. Landing field not serviceable.	It has not been determined if the removal of debris is connected with a possible reconditioning of the field.
Zwickau (N 51/K 34)	28 November 2 December	Landing field in poor condition. No changes.
